**Governor Gretchen Whitmer** issued one new Executive Order (hyperlinks below with recent EOs):

- **Executive Order 2020-117** - Continues expanded access and capacity for child care services, giving priority to essential workforces through July 7.

## Executive Order Ensures Child Care for Essential Workers

Governor Whitmer signed an Executive Order, extending a previous order, which works to ensure essential workers have access to child care. To accomplish this, it allows the Department of Licensing and Regulatory Affairs to issue expedited provisional licenses to expand capacity for child care services. It also allows employers, like hospitals, to operate a disaster relief child care center for their employees. Public and nonpublic school facilities can also be utilized to host a disaster relief child care center focused on providing services for members of the essential workforce. The order is in effect through July 7.
